Professional Profile

A B.Tech graduate with a strong foundation in computer science principles, programming, and web development. Gained valuable experience as a Front-End Developer through internships and hands-on projects. Currently working at TalentVivid as a Front-End Developer, contributing to the design and development of user-friendly digital experiences. I am a quick learner, passionate about Full-Stack Development, and eager to apply my skills, creativity, and dedication to contribute to the success of the organization.

Work Experience

Front-End Developer (Currently working)

TalentVivid Pvt Ltd
Hyderabad

My role involves both design and development, ensuring a seamless and engaging user experience.

Front-End Developer

Metacomic Pvt Ltd
Visakhapatnam

My role involved designing and implementing user-friendly web pages, ensuring a responsive and seamless experience.

Projects

Talentvivid Website (Currently working):
Currently developing a dynamic website using Angular, TypeScript, Tailwind, and SCSS.

Portfolio (1 Week):
Built a responsive portfolio using HTML, CSS, JavaScript, Bootstrap 5.

Metacomic Website (1 Month):
Designed an interactive UI for Metacomic Pvt Ltd using HTML, CSS, JavaScript, and Bootstrap 5.

Car Price Predication (2 Month):
Developed a Flask-based model using Random Forest Algorithm to predict used car prices.
